WILL START WORK ON NEW FACTORY

Operations to Start on Erection of New Apple Canning Establishment with Capacity of More than One Hundred Hands.

The Musselman Canning Company, of Biglerville, will in a few days commence operations for a new plant at Gardners Station, similar in nature and capacity to the Biglerville factory, the ground having been secured and all arrangements made to go ahead with the work.

The equipment of the new plant will correspond with that at the Biglerville factory and in addition to canning apples cider making will be carried on. The new factory will have a capacity sufficient to employ more than a hundred hands and it is expected that the entire output of apples for canning purposes in the extreme upper end of the county can be handled at the Gardners plant.

The erection of a third plant at Orrtanna has been under consideration for some time but the erection of this factory will be postponed for the present. The Gardners plant will be in operation to handle the crop of 1912.

At Biglerville a number of improvements to the factory are being made and will be completed by the latter part of the month.

GETTYSBURG DEFEATS PITTSBURGH 31-25

In the most exciting basket ball game of the season, Gettysburg College defeated the University of Pittsburgh Monday evening by the score of 31 to 25. Pittsburgh started the game with a four point lead, which Gettysburg overcame after hard playing, and sensational shooting by Fluhrer. The first half ended 14-12 in Gettysburg's favor.

McDowell and W. Campbell starred for Pittsburgh, while Fluhrer and Brumbaugh played best for Gettysburg. Brumbaugh lost three teeth in an accident during the game but continued playing.

GEISER COMPANY HAS LOCKED OUT 1000 WORKERS

Because 60 employees of the mounting shops of the Geiser Manufacturing Company, Waynesboro, who struck last Tuesday, refused to return to work under a foreman who swore at them, the management locked out its 1,000 employes Monday evening.

The management tried to fill the strikers' places, but the men in other departments declared that the importation of strike breakers would be followed by a general strike. An effort was made to persuade the stockholders among the strikers to return to their places, but they refused.

The stock of the Geiser company is widely distributed, probably 800 of the employes holding shares. This is the first labor trouble in Waynesboro's history, and the stockholders are preparing to have a meeting to condemn the management, whose action is thought to be a preliminary step to the sale of a control in the plant to a trust that is forming.

A GREAT SHOW

A large number of Gettysburg people witnessed the production of "The Bohemian Girl" at the New Colonial Theatre, Hanover, on Monday evening. It was without question the best and most elaborate attraction which local people have ever had the opportunity to witness without a trip to the cities.

Two Pullman Palace cars are occupied by the members of the opera troupe, while two 60-foot scenery cars are used for the stage equipment. A regular cattle car is used for the horses and the other smaller trained animals. Despite the size of the production the stage of the Hanover play house was large enough to accommodate it. Sixty one excursion tickets were sold from this place for the show and a number went by automobile.

CURFEW LAW FOR MORRISTOWN, N. J.

Children Must be Off Street
at 10 o'clock at Night.

Morristown, N. J., March 5.—Curfew shall not ring tonight, Police Chief Holloway says.

Not until the ordinance passed by the board of aldermen that all youngsters under fourteen years of age must be off the streets at 10 o'clock at night is regularly published and declared in one or more local newspapers will he sound the curfew bell.

Although the ordinance is now effective, according to city counsel, it will have to go through some formalities before the local police force search for little children.

It so happened that the fire alarm bell in the old courthouse which has been designated as the warning signal for boys and girls to scamper in the house, was sounded at 10 o'clock Sunday night, for a real fire.

Boys who held records for not having missed a fire since they were old enough to run, were not found watching the brave volunteer smoke eaters at work. A sudden fear came over most of them as they lay in their beds. They thought of the curfew and did not dare steal out of the house on the burning building, which was an Italian shoeshop.

Mr. Wickersham is adding Lewis in his fight to prevent himself being ousted from the association. Mr. Wickersham takes the ground that the race question should not be drawn into the fight.

5000 KILLED IN CHINESE MUTINY

Result of Four Days Reign of Terror.

PROPERTY LOSS \$15,000,000

Minister Calhoun Ordered to Protect Americans in Danger Zone at Any Cost.

Pekin, March 5.—Yuan Shi Kai stated that five thousand persons were killed here since the outbreak of the mutiny. The property loss amounts up to more than \$15,000,000.

Rushing Foreign Troops to Scene.

Washington, March 5.—After a four days' reign of terror in China, marked by indiscriminate murder, looting, arson and general destruction of property under the Manchu soldiers, a calm developed.

Minister Calhoun, of Peking, was instructed to keep the closest possible watch on the situation, to give every protection possible to Americans in the danger zone, which has been spreading in the last few days, and to call directly upon General Bell, at Manila, and upon Admiral Murdock, at Shanghai, for any number of reinforcements that an emergency may seem to require.

Admiral Murdock, commanding the American Asiatic squadron at Shanghai, notified the navy department that he is dispatching 200 additional marines from his warships on the coast of Abrenda for Tientsin. The cruiser Cincinnati will accompany the collier.

At the present time there are approximately 6700 foreign soldiers in the trouble zone, including the regular legation guards.

Minister Calhoun, in one of his dispatches, recites that although the riots started at Peking last Thursday, no attempt was made until Sunday to suppress them.

Mr. Calhoun states that a number of bullets and one shell fell in the American legation compound, though the shell did not explode. While this was not an apparent intentional attack on the American property, the minister has demanded an apology of the Peking authorities.

On the whole conditions are most pitiable, Mr. Calhoun states. Many coolies and boys, who had picked up articles discarded by the soldiers, have been summarily executed, while the soldiers themselves so far have escaped. Sunday night, however, the authorities managed to confine the soldiers to their barracks, while the police preserved order, such as it was.

Last Friday the mutineers seized three trains and went to Tao-Ping-Pu where there was an uprising, and at Feng-Tai and Tientsin, where there was much burning, plundering and killing.

Mr. Calhoun states that the situation at Tientsin is very grave, the losses by fire being enormous and over one million taels have been taken from the government mint. The Chinese authorities have appealed to the foreign consuls to assume control of the city with the foreign military forces, and this will be done if found necessary upon a further consultation of the foreign ministers.

The mutineers attempted to hold up a train carrying American troops from Tientsin to Peking, but were fought off by the American and British railway guards. A machine gun on a flat car in front of the engine proved effective.

DIED AFTER HOLD-UP

Allentown Man Says He Was Beaten and Robbed in Philadelphia.

Allentown, Pa., March 5.—Harvey Grasley, a blacksmith, died here. He had returned from Philadelphia Sunday night, and said that he had been beaten up by thugs on Tenth street, in that city. He was dazed and unable to give any connected account of what had happened to him.

Nothing is known concerning his wanderings while in Philadelphia, nor is it known whether or not he had any large sum of money on his person when he was attacked. He had none when he reached his home.

The police here have communicated with the Philadelphia authorities, in an effort to find out whether or not they can tell where Grasley was attacked.

Order Governor's Sidewalks Cleaned.

Topeka, Kan., March 5.—Governor Stubbs' household were ordered by the police to clean the walks around the executive mansion. A complaint had been received by headquarters that the governor had failed to comply with the city ordinance. None of the governor's family can leave the home, as it is quarantined on account of the measles. Mrs. Stubbs received the notice in the absence of the governor and she promised to have the snow removed.

Gas Kills Mother and Baby.

Waterbury, Conn., March 5.—Mrs. Richard P. Hazel and her nine-months old son were found dead in bed at the home of her sister here. Death was due to inhaling illuminating gas. It is said that Mrs. Hazel had been dependent.

READY FOR STRIKE

Mine Owners Said to Have 6,000,000 Tons of Coal Stored.

Wilkes-Barre, Pa., March 5.—It is estimated here that the anthracite coal operators have between five and six million tons of coal in storage in preparation for the strike which may come when the existing agreement expires on March 31.

There is no way of telling exactly how much coal is stored, because the operators refuse to enlighten the public. It is said, however, that the Philadelphia & Reading Coal company has more than a million tons stored, that the Lehigh Valley Coal company has some 700,000 tons, the Delaware, Lackawanna & Western Coal company as much if not more and the other companies in proportion.

Practically every coal storage plant in the coal region is well filled and the companies have large quantities stored in places outside the region.

It is also planned to have many miles of loaded coal cars stored on the tracks throughout the region convenient for shipment when the agreement expires.

BROKEN NECK HEALS

Pittsburg Man Recovers Entirely After Three Months.

Pittsburg, March 5.—With one chance in a thousand Adam Patten, fifty years old, has won, and recovered entirely from a broken neck.

Patten's neck was broken three months ago. The axle of his wagon snapped, the wagon was jolted and he was thrown head first against the paving stones. For a month he lay in bed with a five pound lead on one end of a rope, attached to a pulley which held his head in such position that the broken vertebrae might grow together—and it did.

NO AGREEMENT ON POWDER TRUST PLAN

Cannot Agree on Form of Dissolution.

Philadelphia, March 5.—"The United States wants one of two things—the appointment of a receiver to take charge of the defendant's property, or an injunction restraining him from transporting its products in interstate commerce," declared William A. Glasgow, special counsel for the government during argument in the United States court here upon the form of decree to be entered for a dissolution of the so called powder trust, in conformity with a recent decree of the court ordering the combination to disorganize.

Mr. Glasgow argued that since the decision of the court ordering the dissolution of the powder combination he had, with the consent of the attorney general, conferred with representatives of the concern regarding the form of final decree, but no argument had been submitted.

PLAN FOR PARCELS POST

Provision for a Beginning Made in Post-Office Appropriation Bill.

Washington, March 5.—A parcels post system is provided for in the regular post-office appropriation bill, introduced by Representative Moon, of Tennessee.

The measure would apply the foreign mail carrying plan to domestic mail and permit the transportation of eleven pounds of merchandise.

As an experiment, local mail would be carried until June 30, 1914, on rural mail routes on a graduated scale—ranging from five cents a pound for the first pound and two cents for each additional pound.

Three Dead in Boston Fire.

Boston, March 5.—Three persons lost their lives at a fire in a tenement house in Hanover street. Nearly seventy others escaped in safety. The dead are: Carmelo Zermella, thirty-five years old; Giuseppe Crusafelli, thirty-eight years old; Mrs. Marie Alegra, fifty years old. Zermella jumped from a window and was killed. The other two were suffocated.

STRIKE IN ENGLAND CLOSES FACTORIES

Over 1,000,000 Miners and 200,000 Others Idle.

London, March 5. — Factory after factory is closing down all over the United Kingdom as a result of the national coal strike.

Those responsible for the trouble are marking time for the present, although it is expected that peace negotiations will soon be resumed.

Besides the more than 1,000,000 miners who have ceased work, there are fully 200,000 workers in other industries idle owing to the strike. This number is increasing hourly.

The crews of the coal carrying vessels lying in the coaling ports are being discharged, as they are unable to get cargoes. Railroad employees are suffering through the curtailment by the various companies of their train services.

In isolated instances the striking miners have refused permission to men to enter the shafts in order to feed the ponies, which have been left below, or to keep the workings clear. Generally, however, the utmost good feeling prevails.

Premier Asquith made his promised statement concerning the coal dispute in the house of commons, but did not announce to the country any settlement or an immediate prospective settlement.

Mexico City, March 5.—Ten Pullman sleepers, filled with Americans, left here for the American border with citizens of that country getting out of Mexico. It is said that there was 200 persons in the party all told. Four hundred had left earlier.

The belief in Mexico City is that all the Americans in the republic are preparing for flight. It is believed that the major portion of those here will be out within the next fortnight.

Reports have reached here of one of our battle near San Pedro, in which seventy rebels and thirty of the rurales were killed.

She said also that she had worked for Sanborn without compensation, believing she was to become his wife. For this service she asked \$15,000. The jury gave her the full amount, \$40,000.
